

MOUNT  
 SHELVES ABOVE  
 OR BELOW A  
 SCREEN

# BT7031

## ADJUSTABLE ACCESSORY MOUNTING ARM

The BT7031 allows B-Tech AV accessory shelves to be fitted onto a B-Tech flat screen mount, making it the ideal solution for adding a VC camera or other accessible media above or below the screen. The adaptor arm can hook onto a range of B-Tech flat screen wall mounts or onto a BT8390 System X Rail and is suitable for use with a large range of screen sizes, featuring an adjustable extension arm that can be freely positioned anywhere along the mount. The BT7031 can also be used as a pair to mount larger shelves such as the BT7032.

### SPECIFICATION

|                                     |                        |
|-------------------------------------|------------------------|
| Max load (single adaptor)           | 4kg                    |
| Max load (when two BT7031 are used) | 15kg                   |
| Extension                           | Min: 458 - Max: 850mm* |

\*Extension range is dependent on which flat screen bracket the adaptor is mounted on

### FEATURES

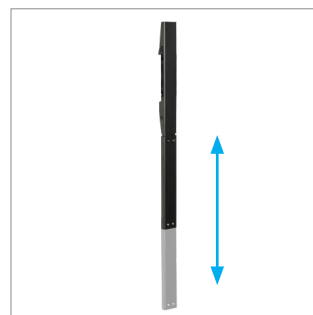

- Mounts a B-Tech shelf / accessory to a flat screen wall mount
- Suitable for use with a **BT8431/BT8432, BT8441/BT8442, BT9901, BT9903** flat screen mount or a System X **BT8390** rail
- Use with any single collar compatible B-Tech accessory
- Ideal for VC cameras when used in conjunction with a **BT7863** shelf
- Use as a pair to mount heavier equipment with a **BT7032 / BT7033** shelf
- Features an adjustable extension arm to fit different size screens and for optimal positioning of the mounted accessories
- Designed so mounted accessories can be positioned above or below the screen
- Simple 'hook-on' design for quick and easy installation & removal

Allows mounted accessories to be positioned above or below the screen
