

19" grill security panel - 2HE - with hexagonal perforation

The BSG02H is a 19" grill security panel made of steel. The BSG02 can be installed in front of any 19" device, preventing any unauthorized persons from accessing your devices. The fine grilled structure allows monitoring of indicators such as LED's and displays on the front panel, while providing 23 mm space for extending controls.

Product Features:
